Sunbeam Shines at Pragyan 2026

Our school proudly participated in Pragyan 2026, where one student secured 3rd Prize and another achieved the Runner-Up position, bringing great pride to our school.

Teachers Empower Learning Through Academic Excellence

We are proud to share that Mr. Rajat Mishra, Mr. Neeraj Kumar Singh, and Mr. Avinash recently

attended a three-day academic session at Sunbeam School, Mughalsarai, conducted by Prof. H.C. Verma.

The session provided valuable insights into physics education and innovative teaching

RESEARCH PUBLISHED ON THE GLOBAL STAGE

Master Gaurav Singh and Mr. Neeraj Kumar Singh
publish an international research paper on
environmental sustainability and pollution control.

We are immensely proud to share that Master Gaurav Singh and Mr. Neeraj Kumar Singh, PGT Physics, have successfully published their research paper, Environmental Sustainability and Pollution Control: Challenges and Solutions in the Modern World, in an international journal. This remarkable achievement reflects Sunbeam School's spirit of research, innovation,

AMAZING FACTS OF SCIENCE

→ MONTH: MAY 2026 ←

Discover the latest breakthroughs
shaping our world and beyond!

1

THE ADAPTIVE BRAIN

New research shows that the human brain can reorganize itself even in adulthood, proving strong neural plasticity.

 Learn more:

2

FIGHTING CLIMATE CHANGE

New techniques are being tested to capture carbon dioxide from the air, helping fight global warming.

 Learn more:

3

EXTREME ALIEN WEATHER

New data suggests that some exoplanets may have "water clouds made of vaporized metals", showing how extreme alien weather can be.
